EDUCATION

•**Pune Institute Of Computer Technology** *2021-25*
Bachelor of Engineering in Information Technology CGPA: 8.81

•**St Vincent Junior College, Pune** *2021*
Board of Secondary Education, Maharashtra Percentage: 90.7

PROJECTS

•**Pulzion 2023 EMS Platform**

*Our platform hosted PASC "Pulzion," our flagship technical event, with registration for **14 exciting activities**.*

- Tools & technologies: **Next JS, Node JS, Figma, AWS and Tailwind CSS**.
- The website saw an astounding **3400+ student registrations**, showcasing its strong appeal to our target audience.
- As part of my work, I prioritized enhancing the user experience by concentrating on developing the **About Us** and **Home pages**.
- Actively contributed to a group project alongside **6-7 peers**, including seniors, to achieve our shared objectives.

•**MovieInfo**

*Get precise and current movie details conveniently with our web app, using an API with **95 percent accuracy**.*

- Tools & technologies: **React JS, Typescript, Figma, and Tailwind CSS**.
- This website will make movie information searches **10-20 percent** easier and more exciting for users.
- I focused on all aspects of the website, with a particular emphasis on the **Frontend**.

•**My Portfolio**

My portfolio showcases impactful work in web development, web design, and graphic design.

EXPERIENCE

• **Walmart Global Tech** *July 2023 - August 2023*
Virtual Software Intern
- I was given the opportunity to work on an enhanced database structure that can boost system efficiency by **10-15 percent**.
- I created a **UML class diagram and an ERD** for a data processing pipeline, which boosted efficiency and reduced query time by **20-30 percent**.
- I participated in **Data Munging** tasks that involved Shipping data and improved data analysis by **5-15 percent**.

• **PICT ACM Chapter** *Feb 2022 - Present*
Web and Design POC
- I have contributed to diverse projects, including the **groundbreaking Pulzion EMS Platform and the innovative PASC Alumni Portal**.
- I've unleashed a torrent of creativity, birthing groundbreaking **posters** and visionary **wireframes** that breathe life into countless sessions and projects.
- I've led numerous events and sessions with **100+ participants**

TECHNICAL SKILLS

Languages: Java, Javascript, HTML+CSS, Figma, Mitro, Python, Jira
Libraries : Java Collection, ReactJs
Web Dev Tools: Nodejs, Git, Github
Frameworks: NextJs, Tailwind CSS, Bootstrap
Cloud/Databases:Sanity, Relational Database(PostgreSQL), AWS

ACHIEVEMENTS

• **Leetcode**
Achieved an impressive rank of **1300+** while solving over **500 questions**.

• **Inspiron 2.0**
We clinched third place in the **national 24-hour hackathon, Inspiron 2.0**, with our innovative chatbot project addressing visa inquiries.
Date: 24th-25th March 2023

• **Hacktoberfest 2023**
I had **5 successful pull requests** merged during Hacktoberfest 2022, a prominent open-source event.
Date: 1st to 31th October 2022
